## WEB SOLUTIONS COMPANY ANNOUNCES WEBSITE FOR TOWNHOUSE STYLE UNITS IN COLLEGE STATION

Holik Square offers townhouse style units for rent in College Station. AgniTEK recently designed and created a website for them that features an online resident portal.

College Station, TX, August 2, 2013— AgniTEK, a nationally-recognized company for their expertise in helping organizations leverage technology to improve businesses, is pleased to announce the launch of a website for Holik Square at <http://www.HolikSquare.com>. The new website was designed and created by AgniTEK associates and is live on the web.

Holik Square is a small community of townhouse style units that are located at the corner of Holik and Holleman in College Station, Texas. These units are locally owned and operated and are located less than a mile from Texas A&M University. Holik Square offers three different floor plans for rent that include: one bedroom with one bathroom, two bedrooms with one bathroom, and two bedrooms with one and a half bathrooms. The residents seem to be a mix of undergraduate students, graduate students, student couples and young professionals. Some highlights of the units include: private washers and dryers, paid water and electricity, wireless Internet access at no extra cost and convenient parking close to the units. The townhouse style units have large floor plans that provide more space for less money. Holik Square offers wonderful townhouse style units for rent at a very affordable price.

All of the units at Holik Square have been leased for the fall semester and there is no more vacancy. However, they will be have available units beginning in December. They are always available to answer any questions and potential residents can schedule tours of the properties. To learn more about Holik Square, visit their website today.

The Holik Square website features a resident portal so current residents can log in to submit maintenance requests, pay rent, and obtain other information that pertains to them. The website also offers a module that allows prospective residents to check availability of the apartments. This will provide a simple way for the prospective residents to figure out availability without having to get ahold of someone on the telephone. There's also answers to over 25 frequently asked questions, a photo gallery, and much more. All of these features were made possible by AgniTEK and their associates.

AgniTEK is a full service website and software solutions company serving Texas companies for over 15 years. They deliver reliability, consistency, simplicity and value in website services and software application development work.
