WEBITE SOLUTIONS COMPANY ANNOUNCES WEB RESOURCE FOR BARBEQUE SEASONING AND SAUCES

CajuTex Foods offer a variety of seasoning blends as well as barbeque and grilling sauces. They recently gained a new website featuring a safe and secure online shopping cart that was made possible by the associates at AgniTEK.

College Station, TX, August 13, 2013— AgniTEK, a nationally-recognized company for their expertise in helping organizations leverage technology to improve businesses, is pleased to announce the launch of a website for CajuTex Foods at <http://www.cajutex.com>. The new website was designed and created by AgniTEK associates and is live on the web.

CajuTex Foods features a variety of seasoning blends as well as barbeque and grilling sauces and adds creativity and fun in more ways than one. The owner of the company used to buy his sauce over the counter from the store, but would end up spicing it up with his own seasonings at home. After a while he had enough and decided to start creating his own sauces, seasoning blends and glazes to use when smoking, cooking and grilling. Each of the sauces and seasonings that CajuTex Foods offers have been created to have the perfect blend of Louisiana spice and Texas sweetness. The products at CajuTex provide great gift ideas for friends or family on their next birthday or for Christmas. To learn more about CajuTex Foods, visit their website today.

The CajuTex Foods website features online shopping for all of their products. They know that identity theft and online security are extremely important and have taken extra precaution to make sure that all of their customer's transactions are safe and secure. The website offers a simple and safe way to order

all of their top notch products. The safe and secure online shopping feature was made possible by AgniTEK and their associates.

AgniTEK is a full service website and software solutions company serving Texas companies for over 15 years. They deliver reliability, consistency, simplicity and value in website services and software application development work. AgniTEK has been named a five-time Newman 10 Award winner and three-time Aggie 100 Award winner.
