

3x VSL Generator: Review Examining Jon Benson's Formula Program Released

3x VSL Generator software, a program that claims to really give people the method to automatically get sales copy written to double or triple their conversions, upsells, and opt-ins has caught the attention of BarryRealMarketing.com's Stan Stevenson, prompting an investigative review.

"3X VSL Formula course, a revamped and totally new and updated version of the best selling program and training course that gives you the vital knowledge and ability to create the next generation of video sales letters," reports Stevenson. "It is not just a VSL creator but also an educational training course that gives you the knowledge you need to understand exactly why this method works."

The 3x VSL Formula review shows the course is comprised of training that shows how to record, how to sell with a voice, and how to fast track video sales letters, mini tutorials, automatic creation of Power Point slides that saving users up to 95% of the time usually spent on this onerous task, a handy note taking feature, template creation option to cut down split testing time and keep the best ones as a template, automatic sales copy generator, and a detailed slide viewer where users can edit, add slides and make their VSL completely personal to their needs. Mini videos offers the exact information users need to create each section and slide within their 3x VSL Generator, which includes instruction on their emails, blogs, copy, and much more. With the Enterprise Solution, users can create as many video sales letters as they want with the click of a mouse.

"Our 3x VSL Formula shows the training course contains over 12 hours of slide by slide video tutorial training and a further 18 hours of video instruction. You delve deep into the psychology of sales, neurolinguistic programming, and how to create powerful stories that really sell," says Stevenson. "3x VSL Generator doesn't even require you to have loads of pre-existing knowledge because it works just as well if you're a complete rookie or a seasoned marketer. Its handy note taking feature is a little tool allows you to take notes anywhere within the system and tag it to the section you require. Once again, this is a huge time saver when you're compiling the words you need to make that great, cash generating, video sales letter."
