

FIBRENOIRE EXTENDS NETWORK INTO COLOGIX'S 905 KING STREET WEST DATA CENTRE IN DOWNTOWN TORONTO

Toronto, ON – August 20, 2013 – [Cologix™](#), a [network neutral interconnection](#) and [data center](#) company, announced today that [FibreNoire](#), a telecommunications company specializing exclusively in fibre optic connectivity services for businesses in Quebec and Ontario is deploying a fibre Point-of-Presence (PoP) into Cologix's new state-of-the-art data centre at 905 King Street West in downtown Toronto in order to meet customer demand.

FibreNoire specializes exclusively in fibre optic Internet connections and fibre optic private network services for companies in Quebec and Ontario. "FibreNoire provides the fastest and most reliable Internet and private network connectivity services in the industry and it's important for us to have PoP's in the key carrier hotels in Montreal and Toronto which are vital markets for us," said Rémi Fournier, VP Sales & Engineering at FibreNoire. "Cologix's new 905 King Street data centre is a strategic location for us as it is an obvious on-ramp to meet immediate customer demand in downtown Toronto and provides us a scalable, redundant option for future growth. We have trusted Cologix for a long time and look forward to continuing our strong relationship."

Cologix provides network neutral interconnection and colocation services in highly strategic and densely connected facilities. Cologix is the largest network neutral interconnection provider, and one of the largest colocation providers in Canada with a leading presence in Toronto, Montreal and Vancouver. Cologix enables customers to grow their networks rapidly and cost-effectively by delivering flexible space, reliable power, and dense connectivity to customers in the carrier, content delivery, media, financial services and enterprise communities.

"We continue to see strong demand from carriers in downtown Toronto. FibreNoire's deployment in our 905 King data centre validates the site as a strategic interconnection point for carriers to on-ramp customers," stated Sean Maskell, President, Cologix Canada. "Cologix's is proud to have a long-standing relationship with FibreNoire and we look forward to continuing to support their expanding network for years to come."
