HIPAA Simplified by Experts™

Covered Entities and Business Associates alike will learn how to become and remain HIPAA and HITECH Compliant

- ? Do you know what you need to know to avoid or get fully prepared for an OCR investigation or client audit?
- ? Have you completed appropriate assessments and developed your remediation plans?
- ? Will your organization be perceived as demonstrating good faith effort towards compliance?

One Day = Big ROI

- Eliminate** confusion, save time, reduce costly investment
- Inspire** the creation of a "Culture of Compliance"
- Learn** to recognize high priority gaps in your HIPAA compliance program
- Develop** prioritized remediation plans
- Identify** the key metrics for measuring and monitoring the status and progress of your compliance program
- Avoid** loss of business, hefty fines or embarrassment
- Market** your compliance as a competitive advantage

What You Will Receive:

- Top HIPAA and HITECH experts with real world experience
- Highly interactive, high quality education and instruction on the requirements of the Privacy, Security, and Breach Notification Rules, updated with Omnibus
- Valuable insights on the composition of the OCR Audit Protocols, enforcement and penalties
- Logical approaches and best practices used by others to strengthen their compliance programs and/or prepare for an OCR audit or investigation
- Tools that may be used to facilitate your compliance programs
- Well established educational program: 7 CEUs from ISC², IAPP, ISSA, HCCA and others

Intensive HIPAA Education for:

- **Business Leaders and Managers**
- **Privacy/Security Officers of Covered Entities and Business Associates with responsibility for Risk Management and/or Corporate Compliance**
- **Professionals new to HIPAA**
