

Building Operator Certification

AT ROSE STATE COLLEGE

Energy efficiency through operator training

BUILDING OPERATOR CERTIFICATION - BOC®

is a national workforce training and certification program offering facilities personnel the job skills and knowledge to improve the energy performance of their buildings. The BOC® credential is widely recognized as a means for employers to identify and reward skilled operators, and to distinguish their facilities department as a leader in reducing operating costs and improving occupant satisfaction.

\$12,000 to \$20,000
Documented Annual Energy Savings from BOC Graduates

THE REAL ADVANTAGES OF CERTIFICATION:

For Building Management:

- ENERGY STAR® performance rating for your building
- Lower utility bills and unscheduled maintenance
- Lighting energy audit
- HVAC control system review
- LEED-EB: O&M points earned with staff training
- Increased facility safety, comfort and air quality
- Commitment to employee excellence with professional accreditation

For Building Operators:

- The most up-to-date facilities management training
- Energy conservation strategies
- Increased opportunities for career advancement
- Networking with others in your profession
- A vital collection of facility operations reference materials

The BOC® Level I Course series offers eight one-day classes comprised of classroom training, project assignments to be completed at the participant's facility, and in-class exams administered at the end of each day of training. Classes consist of lecture, discussion, small group exercises, and facility tours.

WHO SHOULD ATTEND?

Building Engineers,
Maintenance Technicians,
HVAC and Electrical Trades,
and others in the facilities engineering
and maintenance profession.
