Riverton, Utah ([PRWEB](#)) May 28, 2013 -- [American Pension Services, Inc.®](#) (APS®), one of the nation's premier [self-directed IRA and 401\(k\)](#) retirement plan administrators, has been named among Utah's 2013 Best of State. Winner in the Business Services category, APS' self-directed IRAs and 401(k)s have provided sophisticated investors the freedom to invest their IRAs and 401(k)s in non-traditional assets like real estate, private stock, promissory notes, and more since 1982.

“It is a tremendous honor to be considered among Utah's Best,” said [Curtis L. DeYoung](#), American Pension Services founder, president, CEO at the Best of State awards gala Saturday night. “Utah's businesses are fiercely competitive and demonstrate striking excellence. It is no surprise Utah topped Forbes' 2012 Best States for Business list. And on top of that, to be awarded for innovation in our approach to IRAs and 401(k)s, a topic most tune out, is very exciting.”

Utah's Best of State honors businesses who have demonstrated excellence and quality in their field of endeavor, innovation and creativity in distinguishing themselves within their industry, and their overall contribution to quality of life in Utah. Best of State nominations are reviewed by more than 100 judges who are recommended as being leaders or experts in their particular field by the Utah Chamber of Commerce, an industry association, or a Utah mayor's office.

About [American Pension Services](#): A pioneer in the field of genuine self-direction, Curtis L.
