NEW PRINTED PRE-CUT FLOOR MARKING KIT

Fire Extinguisher Printed Tape Kit

Electrical Panel Printed Tape Kit

Printed floor marking tape kit to mark fire extinguisher and electrical panel stations location.

This floor marking kit includes three pre-cut of Superior Mark floor tape, with a convenient puzzle cut miter that makes installation quick and easy. For enhanced visibility, add the floor sign to the kit (costs just \$28.33 extra). This kit helps employees to know where fire extinguisher and electrical panel stations are located before they need them.

This floor marking kit can be installed in just a few minutes by simply:

- Cleaning the floor with alcohol. Let the alcohol based cleaner dry completely, then mark a guide to ensure proper alignment.
- Peel and stick down middle section of the box.
- Align puzzle cut edges and stick down one side of the box.
- Align the third strip to complete the box.
- (Optional) Peel and stick down a floor sign.

Pre-cut Floor Marking Kit comes with:

- two 36" strips of Superior Mark.
- one 24" center strip of Superior Mark.
- puzzle cut edges that seamlessly fit together to form a box shape on the floor.

Pre-cut boxes are made with Superior Mark brand floor marking tape, which features beveled edges and recessed adhesive for maximum durability. Pre-cut floor marking boxes are available in any size, and floor signs can be custom printed any size, shape, or design.

Price: \$33.00

Please note: Circular floor signs are sold separately.
