

## **COMPANY OVERVIEW**

### **Vision Statement**

Founded in 1997 and based in San Francisco, Eric Brand offers international styling and worldwide sourcing along with exquisite materials and finishes, specifically for the high-end residential design professional market and hospitality industry. Shipping is direct to your door in the USA from our warehouse in California; or in select cases direct from our factories in China, India and the Philippines. Our experienced team can work within your budget requirements for your furniture, lighting or accessory needs. We also execute large projects for your hospitality needs. We can customize most items you see on our website and in our catalogues. You can also send us your project concept and design sketches/drawings with exact dimensions and specifications for a custom quote.

### **About Eric Brand**

Eric Brand designs innovative and widely recognized lines of hospitality and residential original furnishings, featuring unique multimedia approach to design/fabrication and use of exotic materials to create a splendid bridge between the cultures of Asia and the United States. Eric Brand's designs have been featured in hundreds of magazines and publications worldwide. Credited for redefining luxury and transforming the world of high-end furnishings, Eric Brand has been responsible for architectural interiors for clients such as Chanel, Coach, and Donna Karan. Eric Brand designs and has offices in the United States, Philippines and China. Visit the showroom or make an appointment for a designer to personally show you the range of products to meet your specific requirement.
