Milgard Introduces Exterior Frame Accessories Exclusively for Essence™ Series Windows and Doors

TACOMA, WA (September 12, 2013) – Milgard introduces [Essence Series Frame Accessories](#) - frame trim kits specifically made for Essence Series wood windows and doors.

These beautiful and durable aluminum frames feature snap-in installation and require no painting. There are no visible fasteners or holes to putty, giving the windows a clean look. Because they are made from aluminum, they will not rot, split, crack or warp. Essence Frame Accessories provide a quick and easy solution to expensive and labor-intensive wood trim and are virtually maintenance free.

Essence Frame Accessories are all factory finished to color match with the window frame and are available in all Essence exterior colors. Colors can be matched to the window or door, or a coordinating color can be used as an accent. With all the [combinations available](#), Essence Frame Accessories will complement virtually any style of home.

And just like the windows and doors, Essence Frame Accessories come with a [Full Lifetime Warranty](#).
