

PUBLIC ENEMY **U.C.L.A.**
TO PERFORM AT UWSF **OCTOBER 12TH**
2013

"United We Stand" Festival will be the kick-off event for igniting the grassroots movement to break the stranglehold of the two-party duopoly and reform the electoral process throughout the U.S. once and for all.

Free & Equal is here to UNITE and build honest media, organizations, leaders, musicians, authors, comedians and more across the spectrum to reform the electoral system. The two-party system has been intentionally dividing us for decades, and Free & Equal will help foster collaboration, leadership and true problem-solving.

Together we can crank up the volume of the music of the revolution and put an end to the two-party system stranglehold, forever!
