Brady releases latest Safety, Facility and Equipment Identification Catalog

S-33 catalog provides expanded product lines, solutions for complete safety and compliance

MILWAUKEE, Wis. (September 16, 2013) — [Brady](#), a leading manufacturer in products that protect premises and people, announced today its newest [S-33 Safety, Facility and Equipment Identification catalog](#). The latest catalog offers 484 pages of Brady's safety and identification products and solutions.

The latest edition of the Safety, Facility and Equipment Identification catalog features new benchtop and portable printers, including the [BMP®41 portable label printer](#) and the [BBP®85 Sign and Label Printer](#). It also features more than 600 new signs parts, including chemical, oil and gas signs and rail signs.

There is also an expanded selection of lockout/tagout parts, such as padlocks, kits, stations, tags, push button safety covers and more. Other products include SPC spill kits, ToughWash™ Harsh Washdown labels, BradyGlo™ numbers and letters and much more.

The catalog is designed to provide a variety of safety and compliant solutions for key areas, such as lean manufacturing and maintenance, lockout/tagout, arc flash, hazard communications, slips, trips and falls, spill containment, food and beverage, voice/data communications, emergency egress and hospital facility safety.
