LOCAL CAREER DAY EVENT SEEKS TO FILL 100 AVAILABLE JOB OPPORTUNITIES DUE TO RAPID GROWTH

Irvine, CA – Henley Pacific LA LLC, the largest franchisee of Valvoline Instant Oil Change, is hosting a Career Day on Tuesday, September 17th with the goal of hiring and training prospective employees for its 71 Southern California locations. Available positions include: Service Center Manager, Assistant Manager, Customer Service Advisor, and Automotive Technician. The event will take place at the Valvoline Instant Oil Change facility located in the Bella Terra Shopping Center (7361 Edinger Avenue) in Huntington Beach from 10:00am to 3:00pm.

Due in part to continuing growth, the company is looking to fill more than 100 positions. Attendees who have completed an online application and assessment survey (available here: <http://www.henleycareers.com>) will be given priority consideration.

At the event, prospective employees will be able to ask questions of the local management team and hiring managers, as well as take a comprehensive tour of the quick lube facility. Hiring managers will be looking to hire potential candidates that day, pending necessary paperwork.

Henley Pacific LA LLC entered the Southern California market in March 2012 with the purchase of more than 70 quick lube facilities previously operated by EZ Lube, Inc; a majority of which are located in Los Angeles, Orange County, Inland Empire, and San Diego. Along with its national affiliate companies, Henley is regarded as a premier national quick lube operator, employing approximately 1,800 associates in 12 states.

For more information on available positions within Henley Pacific, LLC visit <http://www.henleycareers.com>.
