About Us

- Founded in 1987, Allied has become a recognized and trusted provider of comprehensive environmental and industrial maintenance services. With a diverse staff of experienced professionals, and an expansive equipment fleet, Allied provides turn key services from assessments and surveys, to abatement, demolition and restoration on any size project. Allied maintains an excellent safety rating and is an ISNetworld and PECPremier member contractor. Fully licensed, bonded and insured.

Why Allied Environmental Services?

- Small Business with 'large business' capability to execute
- Self-performance on all projects
- Outstanding safety record - over 1,300,000 man-hours without a lost-time incident
- Expansive inventory of modern equipment
- Experienced and diversely trained team of professionals, expert in multiple disciplines
- Stable company with 26 years in business
- Financially secure and conservatively managed

Our Leadership

- **Steve Carr, CEO:** Leading Allied with over 25 years of environmental project management experience. His leadership and understanding of how to get major projects done is a key strength of our team.
- **Sam Ansara, Sales Manager/Geologist:** With over 20 years of industry experience, Mr. Ansara brings a broad and expert knowledge of environmental and industrial remediation services.
- **Chad Reynolds, Marketing Manager/Geologist:** With over 15 years of experience in the environmental industry, Mr. Reynolds is uniquely qualified to solve difficult project challenges, provide cost effective estimates, and ensure a safe and timely project completion.
- **Rob Gillen, Project Manager:** With over 15 years of experience in the industry, Mr. Gillen has designed and managed some of the largest asbestos abatement projects in the midwest.
- **Gary Gootee, Field Superintendent:** Mr. Gootee has over 17 years of experience managing industrial cleaning operations, haz-mat spill response, hydroblasting, and asbestos abatement projects.

An ISNetworld and PEC Premier approved contractor.

Emergency Spill Response

■ Emergency Spill Response

Allied's experienced and OSHA HAZWOPER-trained spill response team is ready 24 hours per day, 365 days per year to respond immediately to spills/releases of hazardous materials, mercury and petroleum.

Allied's 24-hour emergency call line (1-800-992-5781) is manned by a live operator, to ensure that response actions are set in motion the moment a call for help is received.

- 24-hour emergency hotline (1-800-992-5781) -

Our response equipment, including vac trucks, absorbent pads and booms, skimmers, neutralization materials, HEPA dry vacs, overpacking materials, and pressure washing units are maintained in a state of constant preparedness.

Whether a release occurs along the roadside, within a stream, at an industrial facility or on residential property, Allied responds quickly to minimize property damage and protect occupants.

- Contain and control the spill
- Recover and transport materials for proper disposal
- Conduct post-spill site assessment and restoration

Allied technicians are confined space entry and IDLH stand-by rescue certified.
