

# stride

Waste Bag Dispenser | Pedometer | Hand Sanitizer

# Innovative Walking Solution

Designed to Make Walking Your Dog Simple and Convenient

26 Bars & a Band introduces the revolutionary stride™, the three-in-one walking solution featuring a waste bag dispenser, hand sanitizer, and pedometer.

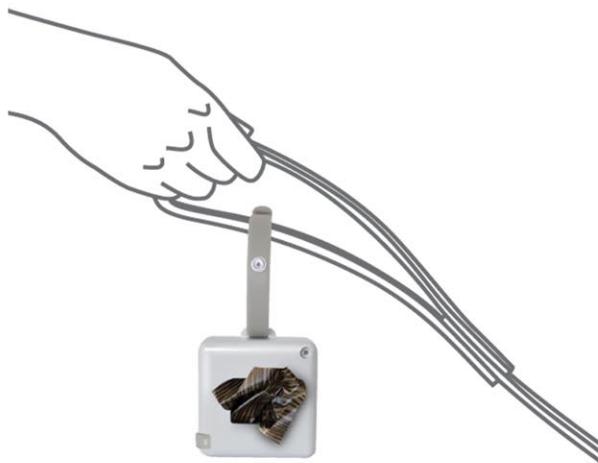

Unlike typical waste bags, which are perforated on a continuous roll, the stride™ biodegradable waste bags are dispensed individually since they are folded flat like travel tissue. Designed in a natural wood grain print and available in refill packs.

While the task of picking up after your dog isn't always pleasant, stride's™ built-in hand sanitizer compartment makes it easy to keep your hands clean and germ free. Consumers can replenish the refillable compartment with any preferred brand of hand sanitizer.

The pedometer feature of stride™ helps keep track of each step with its multi-axis technology, activity monitoring options for steps, distance, and calories, and up to seven days of stored information. Stride's™ pedometer will help you stay motivated toward better health for you and your faithful canine companion.

stride 

stride™ makes pick up quick and easy:

- ☐ Waste bags are flat packed like travel tissue
- ☐ Printed with woodgrain design
- ☐ Includes 7 bags, refills sold separately.

☐ Easy to dispense,  
biodegradable waste bags

stride 

stride™ keeps you germ free:

- 💧 Fill with your own favorite sanitizer
- 💧 Holds .5 fluid ounces (15 ml)

💧 Refillable hand sanitizer  
compartment

stride
