WEBITE SOLUTIONS COMPANY ANNOUNCES WEBSITE FOR BRYAN/COLLEGE STATION CONCRETE DESIGN COMPANY

Texas Concrete Design, a decorative concrete and industrial flooring services company, recently gained a web resource that was created by the associates of AgniTEK.

College Station, TX, October 1, 2013– AgniTEK, a nationally-recognized company for their expertise in helping organizations leverage technology to improve businesses, is pleased to announce the launch of a website for Texas Concrete Design at <http://www.texasconcretedesign.com>. The new website was designed and created by AgniTEK associates and is live on the web.

Texas Concrete Design was established in March of 2007 and offers a wide array of decorative concrete and industrial flooring services. Texas Concrete Design respectfully offers the following services: Polished Concrete, Stamped Concrete, Decorative Concrete Overlays, Acid Stained Concrete, Epoxies and Industrial Coatings, Concrete Countertops, and Concrete Placement. Along with being fully insured, Texas Concrete Design are proud members of the Better Business Bureau, the Bryan/College Station Chamber of Commerce, and the Bryan/College Station Home Builders Association. Texas Concrete Design is factory certified to install all Elite Crete System products. Elite Crete is recognized as the industry leader in the field of decorative concrete products. To learn more about Texas Concrete Design and the services they offer, visit their website today.

The Texas Concrete Design website serves as a great online resource to better inform all current and potential customers of the services that Texas Concrete Design offers. The site features high quality photo galleries that provide photos of the work they've completed. The site also provides color charts, useful links, and an easy to use online contact form to gain more information. All of these features were made possible by the associates of AgniTEK.

AgniTEK is a full service website and software solutions company serving Texas companies for over 15 years. They deliver reliability, consistency, simplicity and value in website services and software application development work. AgniTEK has been named a five-time Newman 10 Award winner and three-time Aggie 100 Award winner.
