

THE PRESCOTT PLAN DEALS WITH THE SPIRALING UPWARD COST OF PRIVATE COLLEGE education and the complexity around financial aid. New on campus undergraduate tuition has been reduced and financial aid processes simplified and streamlined with a focus on institutional aid. This initiative is a practical and sustainable way to address accessibility, affordability and social justice through structural changes in tuition and financial aid and exhibits that Prescott College continues in its groundbreaking tradition of exemplar practices in American higher education based in the liberal arts, the environment and social justice.

TUITION REDUCTION

Deeply rooted in our desire to increase diversity and inclusion and make our unique Prescott College education accessible to a broader and deeper community, we have reduced our on campus undergraduate tuition. Our small class sizes and award-winning experiential and practical based learning approach offers an option otherwise not available in Arizona or much of the U.S.

SIMPLE & TRANSPARENT FINANCIAL AID

Both merit and need based aid have been reworked so that negotiating cost will be a notion of the past affording a private college education to more families. A basic, upfront calculator will be displayed on the website that is identical to what the financial aid office uses to determine institutional aid amounts. What you see is what you get! Other funded scholarships are available too!

VALUE

The intensely personal, one-on-one Prescott College educational approach is proven to support the individual needs of students and families, creating lifelong learners who excel in their fields of study and in the world at large making a positive difference in a wide variety of interdisciplinary fields including graduates who have become a US Senator and a US Ambassador. In the spirit of our core commitment to social justice, The Prescott Plan puts this exemplary education within reach of a wider swath of students.

About Prescott College: A nationally acclaimed institution of higher education located in the central highlands of Arizona, Prescott College offers competency based programs in the liberal arts and professional disciplines with a focus on interdisciplinary and experiential education in six general areas: Environmental Studies, Human Development and Psychology, Education, Arts and Letters, Adventure Education and Cultural and Regional Studies. A private, non-profit, four year college, Prescott College offers Bachelor's, Master's and Doctoral degrees in an on-campus and limited residency format.

FINANCIAL AID AND SCHOLARSHIPS

What you see is what you get! You enter your information and only you get your award amount. A basic, upfront, online calculator is identical to what the financial aid office uses to determine institutional aid amounts. Compare numbers with us...they'll match.
