

## **Jason Capital's "77 Ways To Make Her Want To..." Review Released**

*SUMMARY: Vandenhoff Coaching releases a review of Jason Capital's "77 Ways" a newly launched seduction guide offering readers 77 methods for sexually arousing women.*

Controversial dating coach Jason Capital's "77 Ways" program has just been released to the public, generating a frenzied buzz of media attention, and drawing an depth review from Vandenhoff Coaching's Jake Vandenhoff.

"One of the biggest frustrations that single men, and even men in relationships face is an inability to get the women they like, to feel sexually attracted to them," reports Vandenhoff. "While a lot of guys do 'okay' talking to women and gaining rapport, many struggle to 'take things to next level', so to speak and experience physical intimacy. So when I heard about the release of Jason Capital's 77 Ways I was eager to review it for my readers. The program includes a full 77 different done-for-you ways to make a woman crave sexual intercourse, and frankly I've never seen anything like it."

Vandenhoff's 77 Ways review explains that the system is available digitally online allowing customers instant access to all training materials including The 77 Ways PDF, The Dude Crusher Method, and several surprise bonuses. However Vandenhoff explains that the course is only available for a limited time.

"We have been alerted by Capital's team that the course will only be available for a few days, so we really wanted to make sure that the word got about this in time," says Vandenhoff. "As somebody who has been involved in the men's dating advice world for several years now, I've seen it all, but this course is really unique, and the feedback I have received from other guys who have seen the program has been tremendous. As we explained in our review, this is not just more 'dating theory' but rather a collection of proven methods guys can take and use immediately to turn on the women they want, whether it's a girl in a nightclub, a barista, or even their own wife or girlfriend. After reviewing Capital's previous Make Women Want You course, I was confident that this new program would be a worthwhile resource, but it has far surpassed my expectations and is something I am proud to highly recommend to my readers."
