Firing Range
Maintenance, Management, Closure

...and much more!

Comprehensive Environmental Firing Range Services

MT2 is the nation's #1 provider of turn-key environmental firing range services. MT2's extensive experience and proprietary lead separation technologies has allowed us to provide clients with cost-effective environmental range solutions.

NO OTHER FIRM MATCHES OUR EXPERIENCE!

- Over 600 range projects nationwide
- Recovery of >10,000,000 lbs of lead
- Successful treatment of >1,000,000 tons of lead impacted materials
- Largest fleet of specialized equipment
- Returned over \$4,000,000 to clients from lead recycling
- Client savings > \$100,000,000

MT2 IS HIGHLY RECOMMENDED!

"MT2's record of performance has demonstrated their expertise implementing environmental services at the NYPD firing range at Rodman's Neck under the current contract to provide environmental monitoring, soil sampling, lead particle groundwater monitoring and environmental remediation of metals contamination in soils and sediments. MT2 has successfully implemented this program and has met and exceeded all project requirements."

Maurice Winter, NYCDEP Project Manager

FIRING RANGE SERVICES

- Range Maintenance & improvements
- Lead Reclamation and Recycling
- Range Construction/Reconstruction
- Range Evaluation and Consultation

- Range Environmental Closure
- Indoor Range Services
- UXO Support Services

Focus on Safety: MT2 is a leader in range safety. We provide consultation and assessment for all environmental and OSHA safety issues. MT2 has never received OSHA or EPA violations. In fact, not only does MT2 comply with regulations, but we also helped establish industry standards for environmental and safety methods.

Specialized Fleet of Equipment: MT2 is committed to excellence. We have invested millions of dollars in developing proprietary systems and we own a large selection of specialized equipment available nationally for separating and processing range soils. MT2's fleet of equipment is the largest in the industry which, when combined with our experience, gives us a considerable advantage in providing substantial cost and schedule savings to our clients.

Exclusive Lead Treatment Technology: MT2 utilizes patented and proprietary ECOBOND® technology to mitigate potential physical, occupational, and environmental hazards associated with high concentrations of lead and other metals in firing range soils. All technology achieves compliance with EPA and state regulatory agencies
