## Quest Collaborate Service Package - for Oracle Partners

**Interimco has organised successful participation at numerous Collaborate events for several Oracle partners**

### About Quest Collaborate

COLLABORATE is fully supported by Oracle and its employees. It is the primary global conference for Oracle JD Edwards and PeopleSoft communities. Through COLLABORATE participation, attendees are able to influence the future of their Oracle product as well as learn how to make the most of existing capabilities. More than 2,200 delegates attended the 2013 event from 481 companies. 507 were first time attendees.

Quest Collaborate 2014 will take place from April 7 – 11 in Las Vegas.

### Not sure if you should exhibit?

If you have attended a previous Collaborate event, but things did not all go according to plan or you are unsure of the value you achieved. Or if you haven't been before and are not sure how to go about it; don't worry – help is at hand. Interimco has successfully organised participation at numerous Collaborate and other user group conferences for Oracle UK based partners.

### You need to book now

April 2014 may seem a long way in the future but if you are considering exhibiting at that event you need to be planning your participation now as many booths are already booked. The later you leave it, the fewer stand options will be available, if any at all. There are also discounts available if you book before January 31<sup>st</sup> 2014.

## Don't gamble with Collaborate in Las Vegas

**- Be a winner with Interimco!**

**Adding value to your business**

## Why use Interimco for your Collaborate event?

Quest Collaborate may well be your most expensive marketing activity of the year, so why risk it not meeting your expectations?

You should not underestimate just how much organising is required to make such an event successful.

There is just so much going on; it is easy to be swamped by the sheer scale of it. Even simple things like booking hotel rooms is not a straightforward as it might seem.

With 2,000 attendees descending on Las Vegas and large companies block booking rooms; if you don't know how the system works you may be faced with the possibility of having to travel long distances each day to get to the exhibition hall. This was the situation for one Oracle partner until they involved Interimco to sort things out for them.

Interimco has attended many Collaborate events and organised the successful participation for Oracle partners at these events.

Interimco is uniquely placed to:

- Reduce the risk of things going wrong by calling upon our knowledge of the event , our contacts and our ability to help you plan for success
- Remove the headache and stress by sharing our experience and knowledge
- Help you on-site at the event to maximise the return on your investment

**Quest Collaborate is a great marketing opportunity. Don't waste it – Let Interimco make it a success.**

## Customer Testimonial

“David from Interimco has managed all aspects of several Collaborate and many other events for us. His attention to detail has ensured everything has always run smoothly. His participation at the events has been invaluable for us.”

VP, Oracle Partner
