- Fabrics
- Drawers
- Carpeting
- Closets
- A/C ducts
- Draperies

Complete Coverage - eliminates odors at their source.

Labor Free – Same Day Solution

No expensive equipment or action is required. Simply lock the spray nozzle and the total release fogging can do the rest of the job. The room is ready to be occupied in only 4 hours!

Advanced Formula

Revolutionary Technology

DynoFRESH was developed by parent company, ChemTron, a manufacturer of proprietary engineering, air conditioning, cleaning and odor removal products.

Green

This eco-friendly solution is nontoxic and safe for people, the environment and assets.

Unique Dual Action Odor Solution

Emergency Kit:

Use DynoFRESH at the first hint of lingering odor for a fresh, clean smelling room that's ready for same day check-in.

Preventative Odor Control:

Nip nasty odors in the bud before a bad smell turns into "that problem room". DynoFRESH removes odors emanating from bacteria or molecular odors (smoke) and prevents further growth.

What DynoFRESH customers say...

"The Speed and ease with which we can deal with unsavory lingering odors in our rooms and public area help us keep our entire inventory for sales and creates a positive memory for our guests. At the first sign of unpleasant odor, our housekeeping staff immediately fogs the room with DynoFRESH. This not only keeps our customers happy, but also our reception staff and engineering teams."

Rory, Chief Engineer
Anguilla

"Dynofresh was a blast, everything in the room was smelling fresh. This product is a must have. "

Sophia, Director of Housekeeping
Bahamas

"This product is phenomenal. We used DynoFRESH in a room with cigar odor and not only was the smell completely gone, but the room smelled crisp and fresh."
