

The Drama Method: Review Examining Aaron Fox's Training Program Released

SUMMARY: *ConquerHisHeart.com releases a review of The Drama Method Training Program a controversial new course which promises to give women almost "magical" powers over men.*

The Drama Method, that claims to make a man fall head over heels in love by using drama, and drama alone, has caught the attention of ConquerHisHeart.com's Sean Roman, prompting a investigative review.

"It's a well known fact that men hate drama, and complain about women who bring drama into their lives," says Roman. "So, it seems a bit bizarre that this new program, The Drama Method, is teaching women how to use drama to their advantage in relationships. According to the program creator, Aaron Fox, this method utilizes a specific kind of drama that will make a man go crazy with love, by triggering an addictive emotional high."

The Drama Method Training Program is currently available online, exclusively on Fox's website. The course is delivered digitally, allowing customers instant access to all training materials: The Drama Method book, an audiobook version, the "Mind scanner Report", the controversial "shameless Truth Report", and the "Extreme Case Scenario Turnaround" on how to deal with extreme situations one may run into with a man.

"While many of Fox's tactics may seem illogical, and even outrageous from the onset, our review shows that these methods are indeed proven to work well for women from a variety of backgrounds, regardless of their current relationship status," reports Roman. "Not only did I find the science behind Fox's methods to be fascinating, but he has streamlined everything into a very easy to follow program. I think readers will particularly enjoy applying Fox's "Sweet Turmoil Method" and watching the effects unfold before their eyes."
