Press Release

Provident Consulting announces New York First Friday

Provident Consulting, a leader in healthcare management consulting and compliance solutions announces its upcoming event, New York First Friday. The event will bring together compliance professionals from the Tri-state area to discuss and share their insights on mitigating risk in the digital age.

New York, NY – November 22, 2013 – Provident Consulting, a leader in healthcare management consulting and compliance solutions announces its upcoming New York First Friday, “Photography, Imaging, Hand-Helds and Privacy – How Do You Manage Your Risk in the Era of ‘Instant’ Photography and Instant Messaging?”. On December 6, 2013, Provident will bring together the New York area’s top healthcare compliance professionals to share challenges, solutions and best practices to mitigating risk in the digital age. Patti Ariel, Senior Vice President, Internal Audit and Compliance at Westchester County Health Care Corporation will facilitate the discussion. Guests will not only have the opportunity to meet, network and learn from fellow colleagues, but the discussion will also feature valuable discussion regarding today’s compliance initiatives, including:

- Techniques and tools used to assess risk, audit and monitor vulnerabilities, develop work plans and corrective actions, and establish program metrics;
- Tips, tricks, and pitfalls of auditing; and
- Tools used to report findings to senior management.

About Provident Consulting

Provident Consulting is a leader in Healthcare Management and Compliance Solutions. We understand the diverse risks our healthcare clients face. Our proven solutions, expertise and specialized tools transcend traditional strategies and assumptions and focus on regulatory, operational and financial optimization to help clients thrive in the future of healthcare.

Provident’s solutions are focused on the integrity of the clinical record to support quality patient care, manage compliance with law and regulation, secure appropriate reimbursement, and give healthcare leaders actionable clinical data to drive success.
