

CR Home: CHOOSE TO REUSE Join The Reuse Movement Today!

Print a free shipping label at www.communityrecycling.biz/crhome and tape it to your filled box of gently used clothes. Have more boxes? Print more labels. The shipping cost is always on us.

Search through your closets and drawers for all of the *gently used clothes, shoes, bags and belts you have, but no longer need or wear. Fill that box to the brim. Cleaning up means greening up!

Give your filled box to your postal worker! It's really that simple. You can also arrange a pick up via [USPS](#) or drop it off at any manned [FedEx Shipping Center](#)

Why should I recycle my clothes with CR Home?

- The US EPA says that in the US, we throw away 70 pounds of clothes, shoes, bags and belts each and every year
- That amounts to over 13.1 million pounds per year clogging landfills and burning in incinerators
- Most of what gets thrown away is perfectly reusable and re-wearable

When you Join the Reuse Movement, you will:

- Receive free shipping labels via email to send us your boxed up clothes
- Learn where your clothes have gone for resale and reuse
- See the personal impact you have made by recycling with reuse in mind

*Here is what we accept:
