

COLOGIX WELCOMES TELIASONERA INTERNATIONAL CARRIER TO ITS JACKSONVILLE AND DALLAS DATA CENTERS

Presence in Cologix's 421 West Church Street and 1950 North Stemmons Freeway Meet-Me-Rooms builds on TeliaSonera International Carrier's network expansion in North America

Jacksonville, FL & Dallas, TX – November 26, 2013 – Cologix™, a [network neutral interconnection](#) and [data center](#) company, announced today that, [TeliaSonera International Carrier \(TSIC\)](#), owners and operators of one of the world's most extensive fiber backbones, have deployed Points-of-Presence (PoPs) in Cologix's 421 West Church Street data center in Jacksonville, FL and Dallas INFOMART data center located at 1950 North Stemmons Freeway. The extension of TSIC's fiber network will enable more customers in the region to execute their business-critical activities via one of the top global IP backbones.

"Through our relationship with TeliaSonera in Toronto, we have seen firsthand their impressive growth and we are committed to validating their choice to trust Cologix to support their growth in both Dallas and Jacksonville," stated Jay Newman, Chief Sales Officer, Cologix. "TeliaSonera's expansion into Jacksonville also reinforces its position as an emerging and dynamic Latin American as well as North American interconnection market."

"Our mission is to provide exceptional network infrastructure and services – empowering individuals, businesses and societies to execute their most critical activities" stated Ivo Pascucci, Head of Americas Sales. TeliaSonera International Carrier, "In Jacksonville and Dallas we are offering our full range of capacity, Ethernet, IP transit, international voice and IPX-based services."

Cologix operates the meet me room and 9,000 SQF of dedicated carrier hotel space in Jacksonville's central business district that is home to Northeast Florida's largest concentration of internet and telecommunication companies. In addition to the robust carrier ecosystem which includes more than 20 national, regional and local networks, the facility supports a range of financial, cloud and enterprise customers. In Dallas, Cologix provides network neutral interconnection and colocation services from their 40,000 sqft footprint encompassing two data centers in the 1950 North Stemmons Freeway building. Cologix Dallas customers have the unique ability to directly interconnect with existing customers and 25+ networks in Cologix's existing MMR as well as accessing other tenants in the INFOMART.
