Visibility

Workswiftly provides a real time dashboard view of employees' performance. Managers and team leaders are allowed to view the performance of any employee beyond their immediate visibility along with the feedback and recognition the employee has received on respective achievements throughout the year.

Instant Recognition

Create a rewarding culture @ your workplace! Recognize your employees instantly with badges, comments and likes upon their achievements to motivate them. Workswiftly enables superiors and peers to socially recognize an achiever who achieves goals and enhance their contribution to the company goals.
