

# IPITOMY

## Hospitality Suite

Now You Have The Preferred Choice!

### Move to IPitomy's 'Pure' VoIP Platform and Save on Your Monthly Phone Bill!

#### More Options!

Until now the hospitality industry has been limited on choice of PBX phone systems. For those wanting to take advantage of the latest VoIP technology, the IPitomy Hospitality Suite is what you have been waiting for! Now hotels and motels can take advantage of the many great VoIP features and applications that other businesses have grown to know and love with IPitomy.

#### Save With SIP!

IPitomy is a 'Pure' IP-PBX and is SIP native, which means you can make calls over the Internet out of the box, with no additional licensing! Save as much as 50% on monthly fixed telecom expenses. Your guests will appreciate the crystal clear High Definition audio.

#### Integrate With Your Existing PMS!

You can integrate with your existing Property Management System, and still have all of the latest features and applications. IPitomy integrates with most property management systems.

#### Enjoy the Latest Features and Apps!

IPitomy has the largest standard feature set in the industry. Employees will love feature like 'Follow Me', Remote Phones, Voice Mail to Email, Mobility, 32 Party Conference Bridge and more. IPitomy gives you more options than ever before.

#### Never Buy Another PBX Again!

With IPitomy, having the future's latest and greatest features and applications is only an upgrade away. The system is flexible and scalable to meet growth demands. IPitomy may be the last PBX you ever purchase!
