iPatientCare Announces to Demonstrate the Meaningful Use Stage 2 Certified and ICD-10 Ready EHR and Integrated PMS, Patient Portal and HISP at Upcoming HIMSS 2014 Annual Conference

iPatientCare to Unveil Value-Added Services of Complete or Partial Revenue Cycle Management, MUPlus and RegistryPlus at HIMSS 2014 Annual Conference to be held at Orlando, FL, February 23-27, 2014

iPatientCare, Inc., a pioneer in mHealth and cloud based ambulatory EHR, integrated Practice Management and Patient Portal solutions, announced to demonstrate the Meaningful Use stage 2 Certified and ICD-10 Ready EHR and integrated PMS, Patient Portal and HISP at HIMSS 14 Annual Conference at the Orlando, Florida, February 23-27, 2014. iPatientCare also announced unveiling value-added services of Revenue Cycle Management, Meaningful Use-MUPlus, and RegistryPlus that would help physicians and their colleagues with complete or modular billing services, MU attestation/audit, and submission of quality data to various registries, such as, PQRS, PCMH etc.

At the conference, iPatientCare will demonstrate Meaningful Use Stage 2 certified EHR and integrated practice management system, Patient Portal and iPatientCare HISP that will provide integrated Direct mail capabilities to all iPatientCare EHR users. iPatientCare also will exhibit miPatientCare, a native iPad based full-featured EHR and unveil Revenue Cycle Management and other value-added services.

As a company with a long legacy of unwavering commitment to making quality health care accessible to all, iPatientCare is dedicated to supporting its customers with transition to ICD-10. Visit iPatientCare Booth # 1423 to discuss partnership relationships and strategic growth opportunities.

About iPatientCare:

iPatientCare, Inc. is a privately held medical informatics company based at Woodbridge, New Jersey. The company is known for its pioneering contribution to mHealth and Cloud based unified product suite that include Electronic Health/Medical Record and integrated Practice Management/Billing System, Patient Portal/PHR, Health Information Exchange (HIE), and mobile point-of-care solutions that serve the ambulatory, acute/sub acute, emergency and home health market segments.

iPatientCare EHR 2014 (2.0) has received 2014 Edition Ambulatory Complete EHR certification by ICSA Labs, an Office of the National Coordinator-Authorized Certification Body (ONC-ACB), in accordance with the applicable eligible professional certification criteria adopted by the Secretary of Health and Human Services (HHS).

Full certification details can be found at **ONC Certified Health IT Product List.**

The ONC 2014 Edition criteria support both Stage 1 and 2 Meaningful Use measures required to qualify eligible providers and hospitals for funding under the American Recovery and Reinvestment Act (ARRA).

The company has won numerous awards for its EHR technology and is recognized as an innovator in the field, being a pioneer to offer an EHR technology on a handheld device, an innovative First Responder technology to the US Army for its Theatre Medical Information System, the first to offer a Cloud based EHR product. iPatientCare is recognized as one of the best EHR and Integrated PM System for small and medium sized physicians' offices; has been awarded most number of industry Awards; and has been recognized as a preferred/MU partner by numerous Regional Extension Centers (REC), hospitals/health systems, and academies.
