

Extinguish™ In

Turmeric & Black Pepper

Turmeric has been used since ancient times in Ayurvedic and Chinese medicine to support healthy inflammation, liver and digestion.* MegaFood™ selected turmeric root extract (95% curcumin) because of the extensive research on curcumin and its ability to support a healthy inflammatory response.* To provide a full spectrum of curcuminoids, organic whole turmeric root was also added. To help deliver the benefits of turmeric, MegaFood added Bioperine®†, a concentrated black pepper extract shown to dramatically enhance the absorption of turmeric into the body.*

FoodState® Vitamin C

Vitamin C is involved in many key functions, including collagen formation; function of the immune system; healing of injuries; and maintaining the health of cartilage, bones, and teeth.* FoodState Vitamin C delivered in whole oranges, provides this essential antioxidant nutrient known to help

Ingredient Reference

Holy Basil (Ocimum Sanctum)

Holy basil is a sacred herb in the Hindu religion and is classified in Ayurveda as a “rasayana” – an herb that nourishes a person’s growth to perfect health and promotes long life.* Like turmeric, holy basil contains compounds believed to help maintain an already normal inflammatory response while supporting a healthy stress response.*

Farm Fresh Super Fruit Blend

Formulated with attention to a healthy inflammation response and whole body health, the FoodState® Farm Fresh Super Fruit Blend in Extinguish contains a potent combination of fruits recognized for their rich antioxidant, vitamin, and phytonutrient content.* Combined, these fruits help to combat the effects of oxidative stress.*

essential antioxidant nutrient known to help
strengthen and protect cellular tissue.*
