WEBSITE SOLUTIONS COMPANY ANNOUNCES ONLINE RESOURCE FOR OIL AND GAS PUMP AND GAUGE PROVIDER

Champion Power Products, a distributor and manufacturer of specialty pumps for the petroleum industry, recently gained an online resource that was created by AgniTEK.

College Station, TX, January 9, 2014— AgniTEK, a nationally-recognized company for their expertise in helping organizations leverage technology to improve businesses, is pleased to announce the launch of a website for Champion Power Products at <http://www.championpowerproducts.com>. The new website was designed and created by the associates at AgniTEK and is live on the web.

Champion Power Products is located in Houston, Texas and has over 40 years of experience working with specialty pumps for the petroleum industry. They carry full product lines of Neptune, LMI, Morgan, Kenco, Champ, Wilden, Koflo, and Blacoh brands. Champion Power Products provides services that include Custom Injections System Design, Chemical Pump Rental, Chemical Pump Repair, and Chemical Pump Consulting. At Champion Power Products, they are confident that their knowledge of specialty metering pumps and related products will provide the utmost service in all of their clients pump and chemical injection systems requirements. To learn more about Champion Power Products, visit their website today.

The Champion Power Products website is a highly organized online resource that serves as a great way to market the company to their target audience. The website features detailed descriptions of all of the services that Champion Power Products provides as well as information about their product lines. The website also allows interested customers to inquire about products through the website at their convenience. All of these features were made possible by AgniTEK and their associates.

AgniTEK is a full service website and software solutions company serving Texas companies for over 15 years. They deliver reliability, consistency, simplicity and value in website services and software application development work. AgniTEK has been named a five-time Newman 10 Award winner and three-time Aggie 100 Award winner.
