Patient Instructions: How to Use the Life Saver Rx CardSM

This card is pre-activated. Present to pharmacy when filling or refilling prescriptions and ask for your Life Saver Rx Card discounts - it's that easy! Make sure you get the best discounts available! Ask your pharmacist NOT to substitute any other card in place of this Life Saver Rx Card. Use this card to get discounts on prescription drugs NOT covered by your current Rx plan. There's NO paperwork, NO restrictions, NO exclusions, NO savings limits - everyone qualifies! Ask your pharmacy to check if the Life Saver Rx Card's discounted price is lower than your Rx plan co-pay, and then pay the lesser of the two prices.

Anyone can use this **Life Saver Rx Card** regardless of residency, income level, insurance status, or pre-existing conditions – **there are NO EXCLUSIONS!**

How does this work? Studies have shown that as many as 30% of all prescriptions written go unfilled – many for financial reasons. **Pharmacies make NOTHING when prescriptions don't get filled!** They offer these discounts to help customers to be able to get the prescriptions they need. To get prescription discounts, present the pre-activated card (above) to the pharmacy and receive savings for you, your family, even your pets. **It's that simple.**

Where can I use this card? The **Life Saver Rx Card** is accepted at over 63,000 participating pharmacies nationwide, including AK, HI, Puerto Rico, & Guam, including all major chains, and many smaller regional and independent pharmacies, such as:

- | | | |
|--------------|--------------|---------------|
| ✓ Walgreen's | ✓ Rite Aid | ✓ Publix |
| ✓ Walmart | ✓ Kmart | ✓ Duane Reade |
| ✓ Target | ✓ Sam's Club | ✓ Kroger |
| ✓ Winn-Dixie | ✓ Osco | ✓ Publix |

Who needs this card? Everyone! More people are without prescription benefits today than ever before. And those with prescription insurance are finding that their insurance covers less and less each passing day. The **Life Saver Rx Card** helps remove financial barriers that keep people from getting the medications they need to regain, or keep, their health.

I already have insurance – can I still use this card? Yes, use this card to get discounts on prescriptions not covered by your insurance; when meeting a high deductible; with Health Savings Accounts (HSA); or to get lower prices if you have a high prescription co-pays.

How much money can I save? **Life Saver Rx Cards** save as much as 85% off both brand-name and generic prescription medications depending on the prescription being filled.
