SUBJECT: PRIA 3 A570 Label Amendment Results
PRODUCT NAME: **Amazing Nok Out Odor Eliminator**
EPA REGISTRATION NUMBER: **71700-2**
APPLICATION DATE: January 18, 2013
APPLICATION RECEIVED DATE: January 22, 2013

Dear Ms. Schaner:

This acknowledges receipt of your Label Amendment application, submitted pursuant to registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) 3(c) 7(A), as amended.

Pesticide Application:

Amazing Concepts, LLC is submitting a Product Label intended to conform to the accepted results of the April 18, 2013 Efficacy Review undertaken in response to the PRIA 3 A570 Label Amendment application of January 18, 2013.

General Comments:

Based on the review of the submitted material, the following comments apply. The Label Amendment application is **Acceptable**. An EPA-stamped, **Accepted**, Product Label is enclosed for your Company record. And a copy of the EPA-stamped, **Accepted**, Product Label is attached in **Regulatory File Jacket 71700-2** for future reference. The sentence that makes reference to fabrics in the Deodorizing section is accepted, because you have Use Sites composed of textiles in the Deodorizing section.

If you have questions or comments with regard to this Agency Letter, the please contact Killian Swift via email at Swift.Killian@epa.gov or by telephone at **703-308-6346**. When you are submitting information or data in response to this Agency Letter, please send a copy of this Agency Letter with your response in order to facilitate processing.

Sincerely yours,

Michael L. Mendelsohn,
Acting EPA Product Manager 32
Regulatory Management Branch II
Antimicrobials Division 7510P

Enclosure: EPA-stamped, **Accepted**, "Amazing Nok Out Odor Eliminator" Product Label.

NOK OUT® provides hospital disinfection, multi-surface cleaning, and odor elimination. NOK OUT® disinfects as it cleans, eliminates odors and is fragrance free.

Directions for use: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Gently shake 2-3 times prior to use.

Pre-Cleaning Instructions: Remove gross filth and heavy soil by cleaning. Spray NOK OUT® on to soiled surfaces, thoroughly clean and wipe away gross filth with sponge or cloth.

Disinfect Hard Non-porous Surfaces: For disinfection of hard non-porous surfaces such as glass, plastic, painted or finished wood, chrome, stainless steel, polyurethane coated hardwood floors, glazed ceramic tile, sealed concrete and linoleum floors.

Disinfect Items such as: Appliances, bed frames, wheelchairs, chairs, counters, tables, doorknobs, cabinet handles, handrails, light switch covers, tubs, showers, toilets, faucets, sinks, waste containers, etc. Spray NOK OUT® at full strength, wetting surfaces thoroughly. Allow surfaces to remain wet for 5 minutes for disinfection of Gram-negative bacteria, such as *Salmonella enterica* ATCC 10708 and Gram-positive bacteria, such as *Staphylococcus aureus* ATCC 6538, nosocomial bacteria, such as *Pseudomonas aeruginosa* ATCC 15442, *Methicillin Resistant Staphylococcus aureus (MRSA)* ATCC 33591, *Vancomycin Resistant Enterococcus faecalis (VRE)* ATCC 51299. Allow surfaces to remain wet for 10 minutes for virus inactivation of *Swine Influenza virus, Type A (H1N1)* ATCC VR-333. NOK OUT® kills HIV-1 and HBV on surfaces previously soiled with blood / body fluids. In healthcare or other settings where there is a likelihood of surfaces / objects to be soiled with blood and / or bodily fluids with the potential of the transmission of Human Immunodeficiency Virus Type 1 (HIV-1) (associated with AIDS) and Human Hepatitis B Virus follow the following instruction for cleaning and decontamination of surfaces.

Disposal of infectious materials: Blood and other body fluids should be autoclaved and disposed of according to Federal, State, and local regulations for infectious waste disposal.

Personal Protection: Use disposable latex gloves, gowns, masks or eye covering when handling items soiled with blood or bodily fluids.

Contact Time: Allow surfaces to remain wet for 5 minutes for the inactivation of Human Immunodeficiency Virus Type 1 (HIV-1) and Human Hepatitis B Virus.

Areas for use include: Hospitals, Long-Term care facilities, out-patient clinics, surgery centers, rehab facilities, pharmacies, laboratories, ambulances, homes, schools, daycare's, gyms, locker rooms, salons, restaurants, boats, ships, airplanes, trains, buses, automobiles, industrial processing plants, poultry hatcheries, dairies, veterinary facilities, pet grooming and boarding, and animal pens.

To Disinfect Poultry Houses and Animal Pens: Remove all animals and feed from premises. Remove all litter and manure from floors, walls, and surfaces of barns, stalls, chutes, and other facility fixtures occupied or traversed by animals. Empty all troughs, racks, and other feeding and watering appliances. Thoroughly clean all surfaces and rinse with water. Saturate all surfaces with NOK OUT® for 5-10 minutes for disinfection. Immerse halters, ropes, and other types of equipment used in handling and restraining animals, as well as forks, shovels, and scrapers used in removing litter and manure. Allow to air dry. Ventilate closed spaces and drain pooled product and / or rinse standing product with potable water.

To Deodorize: Apply NOK OUT® at full strength to eliminate odors in shoes, furniture, mattresses, curtains / drapes, carpets, rugs, sports equipment, helmets, gloves, body armor, and vehicles (Always check for fabric color fastness in an inconspicuous area). NOK OUT® eliminates odor associated with smoke from tobacco or fires, musty odors, body odors, stale-cooking odors, and odors from urine. Spray NOK OUT® at full strength, using with spray bottle or electric / pump atomization sprayer, thoroughly wetting surfaces and let air dry for residual deodorizing action. NOK OUT® must contact the source or cause of the odor to be effective. For Urine in carpets, saturate the carpet, with NOK OUT®, to the pad for complete deodorization.

ENVIRONMENTAL HAZARDS: Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other water unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to the discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **Storage:** Store in original closed container in a cool, dry place away from heat and open flame.

Pesticide Disposal: Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Handling: Nonrefillable Container: Do not reuse or refill this container.

(For containers less than or equal to 2.5 gallons:) Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Fill container 1/4 full with water and recap. Shake for 10 seconds. Drain for 10 seconds after the flow begins to drip. Follow Pesticide Disposal instructions for rinsate disposal. Repeat procedure two more times. Then offer for recycling if available or puncture and dispose of in a sanitary landfill, or by incineration.

(For 55 gallon containers:) Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Fill container 1/4 full with water. Replace and tighten closures.

Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Follow Pesticide Disposal instructions for rinsate disposal. Repeat procedure two more times. Then offer for recycling if available or puncture and dispose of in a sanitary landfill, or by incineration.
