POWER FIELD SERVICES COMPANY PARTNERS ON WEBSITE

Power Field Services is the leader in generator sales, parts, and service for marine, agricultural, industrial, and residential applications. They recently partnered with AgniTEK to improve their Search Engine Optimization and internet marketing efforts.

College Station, TX, January 28, 2014– AgniTEK, a nationally-recognized company for their expertise in helping organizations leverage technology to improve businesses, is pleased to announce their partnership with Power Field Services to improve their Search Engine Optimization and internet marketing efforts. Through this partnership, AgniTEK will assist in improving the Power Field Services website so that they can better serve their customers.

Power Field Services is the leader in generator sales, parts, and service for marine, agricultural, industrial, and residential applications. The technicians at Power Field Services have years of experience in the industry, and that expertise has come to allow the clients of Power Field Services to depend on quality generator repair with the company. Serving the greater Houston area, Power Field Services is able to address a variety of generator issues, from emergency support to general usage, Power Field Services can meet all their clients' generator needs. Power Field Services is an authorized distributor for Katolight Coporation, and authorized dealer/service center for Onan, Generac, Kohler, Isuzu and Honda diesel, gasoline and gaseous fueled generators and generator parts. To learn more about the services that Power Field Services provides, visit their website at <http://www.powerfieldservices.com> today.

The Power Field Services website is a high-tech online resource that will assist the company in marketing the services and products they provide to their target audience. The site features a Generator Part inquiry form that allows interested customers to easily gain more information about something they might be interested in. The site also provides easy to navigate pages and links with information about all

of the company's product lines, policies, services, parts, technical data, downloads and also has a gallery of jobs completed in the past. This online resource was made possible by AgniTEK and its associates, who are currently assisting Power Field Services with building a strong online presence.

AgniTEK is a full service website and software solutions company serving Texas companies for over 15 years. They deliver reliability, consistency, simplicity and value in website services and software application development work. AgniTEK has been named a five-time Newman 10 Award winner and three-time Aggie 100 Award winner.
