

**STOWELL**  
COMPANY INC.

## FOR IMMEDIATE RELEASE

January 28, 2014

Dallas, TX – Batson-Cook Development Co. has selected The Stowell Company, Inc. as their subcontractor for the new residential development - Skyhouse Dallas. When open in the Fall of 2014, Skyhouse Dallas will feature over 336 units and 24 floors for an aesthetically pleasing addition to the skyline. Skyhouse Dallas was designed by Smallwoods, Reynolds, Stewart, Stewart.

The Skyhouse is in the heart of Valley Park, Dallas featuring studios, and one, two, or three bedroom rentals. Only walking distances to Valley Park and minutes away from shopping, entertainment and American Airlines Center. The “Skyhouse”, featured on the 24<sup>th</sup> floor, includes a club room, fitness center, pool, and a full 360 degree view. This win follows the recent Skyhouse projects awarded to The Stowell Company, Inc. in Houston and Austin.

The Stowell Company, Inc. will be performing exterior stud framing, interior stud framing, rough carpentry, hanging, drywall assemblies, acoustical ceilings, and insulation (thermal and acoustical).

“We are delighted to expand our relationship with Batson-Cook on a successful Skyhouse Project” said Bill Shumaker, president of The Stowell Company. “We are looking forward to adding value to our portfolio from preconstruction to project completion.”

The Skyhouse Dallas is one of the many projects in the Southeastern United States performed by Stowell Company, including Skyhouse Houston, SkyHouse Austin, and award winning project American Strategic Insurance in St. Petersburg, FL. For more information and projects completed please visit [www.stowellinc.com](http://www.stowellinc.com). Stowell Company, Inc. is headquartered out of Orlando, FL and has completed projects in 5 other states in the South.
