BATTERIES 911 Introduces Emergency Auto Battery Replacement Service
Professional, 24/7 emergency battery replacement serving South Florida

Miami, FL - Jan 17, 2014 – BATTERIES 911 (www.BATTERIES911.com), introduces a reliable 24/7 emergency auto battery replacement service covering Miami-Dade and Broward counties. The first of its kind, BATTERIES 911 dispatches technicians to your location to install a new battery, and remove and recycle your old battery.

“We are offering a one-of-a kind reliable service that we believe is needed in the market. Why spend an excessive amount of money on a towing company or waste time trying to find the nearest auto repair shop when we can come to you,” says Andres Angel, founder of BATTERIES 911. “We offer high-quality car batteries Made in the USA for the same price you would pay elsewhere, allowing customers to get back on the road in a short amount of time after receiving reliable service from our qualified technicians. If you have battery trouble, just call our toll-free number, 1-877-762-2228 or visit our website www.batteries911.com. It’s that easy.”

The BATTERIES 911 50/50 Guarantee ensures that a technician will arrive within 50 minutes of your call, or you receive 50 percent off of your auto battery replacement service. BATTERIES 911 stocks premium-quality, maintenance-free car batteries for all make and models. Pricing is competitive, and includes installation at your location for the same price of a new battery alone at a retail store or car maintenance facility.

BATTERIES 911 recycles your old battery at no extra cost. Up to 97 percent of each battery is recycled at an EPA-certified plant, where components such as lead, plastic and electrolyte are separated and refined for use in the production of new batteries. In addition, BATTERIES 911 offers a recycling service, where they will pick up any old car or marine batteries that area residents may have lying around their homes or garage at no cost.
