And the Buzz in the town is Medication Adherence via Google Glass and we call it "*miGlass*".

Imagine a day in your life when you need not bother about missing your medication or maintaining weekly pill boxes, packaged calendars, and setting up reminders on phone.

With innovation being a practice iPatientCare, Inc. once again takes a leap by launching the State-of-the-art Google Glass App "*miGlass*".

Gone are the days and the buzz in the town is Medication Adherence via Google Glass i.e. "*miGlass*" a wearable technology that helps patients in their pursuit of healthier lives.

miGlass the user friendly Application approaches to all the patients with a hands-free, voice-controlled access to the clinical data in order to improve healthcare quality by engaging them in their own good health.

All the providers who have been struggling to encourage healthcare in a meaningful way, Here's a solution for you to achieve your stimulus incentive by keeping your patient's engaged with their healthcare.

About iPatientCare:

iPatientCare, Inc. is a privately held medical informatics company based at Woodbridge, New Jersey. The company is known for its pioneering contribution to mHealth and Cloud based unified product suite that include Electronic Health/Medical Record and integrated Practice Management/Billing System, Patient Portal/PHR, Health Information Exchange (HIE), and mobile point-of-care solutions that serve the ambulatory, acute/sub acute, emergency and home health market segments.

iPatientCare EHR 2014 (2.0) has received 2014 Edition Ambulatory Complete EHR certification by ICSA Labs, an Office of the National Coordinator-Authorized Certification Body (ONC-ACB), in accordance with the applicable eligible professional certification criteria adopted by the Secretary of Health and Human Services (HHS).

Full certification details can be found at [ONC Certified Health IT Product List](#).

The ONC 2014 Edition criteria support both Stage 1 and 2 Meaningful Use measures required to qualify eligible providers and hospitals for funding under the American Recovery and Reinvestment Act (ARRA).

The company has won numerous awards for its EHR technology and is recognized as an innovator in the field, being a pioneer to offer an EHR technology on a handheld device, an innovative First Responder technology to the US Army for its Theatre Medical Information System, the first to offer a Cloud based EHR product. iPatientCare is recognized as one of the best EHR and Integrated PM System for small and medium sized physicians' offices; has been awarded most number of industry Awards; and has been recognized as a preferred/MU partner by numerous Regional Extension Centers (REC), hospitals/health systems, and academies.
