

## **EarthBend Announces Attendance at HIMSS 2014 Annual Conference**

Sioux Falls, SD- February 23<sup>rd</sup> 2014 - EarthBend, an information technology distributor in the US and Canada, is pleased to announce they will be attending and exhibiting with Live Sentinel at the HIMSS Conference. The 2014 Annual HIMSS Conference & Exhibition takes place on February 23-27 in Orlando, FL. This conference brings together 37,000+ healthcare IT professionals, clinicians, executives and vendors from around the world.

HIMSS is a cause-based, global enterprise producing health IT thought leadership, education, events, market research and media services around the world. Founded in 1961, HIMSS encompasses more than 52,000 individuals, of which more than two-thirds work in healthcare provider, governmental and not-for-profit organizations across the globe, plus over 600 corporations and 250 not-for-profit partner organizations, that share this cause. HIMSS, headquartered in Chicago, serves the global health IT community with additional offices in the United States, Europe, and Asia.

EarthBend (Booth 7285) will be showcasing some of the company's health care and IT solutions/services along with their great line up of Live Sentinel products. More information on Live Sentinel and EarthBend can be found at <http://www.earthbend.com/national-distribution/>.

EarthBend's General Manager of Distribution Ryan Donovan states, "The HIMSS conference presents a great opportunity for EarthBend to showcase our healthcare solutions, while learning firsthand from clients and manufactures on how technology in healthcare is evolving."

### **About EarthBend**

For over 30 years EarthBend has been distributing information technology solutions to telecommunication resellers in both the US and Canada. EarthBend serves as an extension of their over 3,000 plus customers providing highly qualified engineers certified from some of the largest voice, data, and technology manufacturers in the industry. Earthbend solutions are highly scalable, secure, easily managed, and optimized to meet their evolving customer needs with an extreme focus on delivering cost-effective solutions and best-in class customer satisfaction.
