Digiscribe Once Again Inducted into the Digitech Systems Circle of Excellence
2014 Marks the 5th Consecutive Year Digiscribe Has Earned this Honor

Elmsford, New York – March 14, 2014 – [Digiscribe International](#), provider of document scanning services, document management solutions and workflow automation software throughout the New York Metro area today announces their fifth consecutive year of induction into Digitech Systems’ prestigious Circle of Excellence.

Circle of Excellence members are selected from the Digitech Systems value-added reseller (VAR) community. The selection process recognizes top resellers who provide consistently excellent service to users of Digitech Systems’ [document management software](#) including ImageSilo®, PaperVision® Enterprise and PaperVision® Capture. The Circle of Excellence also recognizes organizations that uphold the goals and values of Digitech Systems, such as operating with integrity.

“While this is the fifth time we’ve been named a Digitech Circle of Excellence reseller, we’re still very excited to be included in this exclusive group,” said Digiscribe President Mitch Taube. “It’s both an honor to be an authorized reseller and to be one of only 10 Digitech partners worldwide to have earned this distinction. We are committed to providing superior service and technical expertise to our clients for cloud-based and in-house document management software, and we appreciate being recognized as such.”

“The Circle of Excellence is awarded to our resellers who provide best-in-class product knowledge, implementation services and support, and Digiscribe continues to be an integral part of our success in the metro New York area,” said Sean Morris, Digitech Systems Director of Sales. “Mitch and his team add tremendous value to users of our software and we are very happy to have Digiscribe as part of our global reseller network.”

About Digiscribe

Digiscribe transforms the way companies, healthcare facilities and non-profit organizations manage and process their documents with document scanning services, document management software and workflow automation services. Companies engage us to solve their business process problems with a comprehensive portfolio of services and software that is supported with technical expertise and superior customer service. We have over 20 years of experience and are one of the first SOC 2 Type 2 document conversion centers in the New York tri-state area. Digiscribe New England is a sister company of New York-based Digiscribe International.
