WEBSITE SOLUTIONS COMPANY ANNOUNCES NEW ONLINE RESOURCE FOR WORLDWIDE SUPPLIER OF CARBIDE, CUTTING, PRECISION AND MACHINE TOOLS

Navasota Industrial Supply, a company with an inventory of over 75,000 items that include one of the largest selections of machine tool accessories, abrasives and machine shop supplies, recently gained a new and improved website. The resource offers an online catalog and was created by the associates at AgniTEK.

College Station, TX, March 24, 2014— AgniTEK, a nationally-recognized company for their expertise in helping organizations leverage technology to improve businesses, is pleased to announce the launch of a website for Navasota Industrial Supply at <http://www.nistx.com>. The new website was designed and created by AgniTEK associates and is live on the web.

Founded in 1986, Navasota Industrial Supply (NIS) has grown to serve as a premier, worldwide supplier in carbide, carbide pellets, abrasives, lubricants and machine tools. Their reputation for excellence throughout the petroleum and manufacturing industries has allowed them to expand to a wide variety of customers, ranging from small businesses to some of the largest multinational companies in the world. Those customers choose NIS for their ability to anticipate and respond to their ever-changing needs. Today, NIS remains family owned and operated by their third-generation family—continuing a tradition of excellence instilled in their humble beginnings when it comes to unsurpassed customer service. NIS is proud to provide the most reliable service, superior quality and cost-effective value in the industry. To learn more about NIS, visit their website today.

The new and improved NIS website serves as a great online resource that provides viewers with all the information about what the company offers. The site features an online catalog where customers can go and purchase supplies easily from their computer. The site also provides information about all of their vendors, news about the company, a photo gallery, a contact form and so much more in a highly

interactive and fully customized way. All of these features were made possible by AgniTEK and their associates.
