**Clements Worldwide to Launch Webinar for Global Development Professionals on International Insurance Solutions**  
*Webinar series launches a multi-faceted partnership between Clements Worldwide and Devex aimed at protecting global development professionals in the field*

March 26, 2014 (WASHINGTON D.C.) – Clements Worldwide, leading provider of international insurance solutions, will present the first in a series of free webinars for international development professionals about securing proper international insurance coverage for when living abroad. This series was developed as part of a partnership between Clements Worldwide and Devex, a multimedia platform for the global development community, to ensure that development professionals have access to the information and resources they need to be financially protected for overseas assignments.

“On The Move”, the first of this webinar series, will cover a variety of topics relevant to international development professionals preparing to move overseas or already living abroad. Subjects of discussion will include the nuances of an international insurance policy to pay close attention to, such as coverage gaps, portability, and jurisdiction, all of which can greatly impact a policy holder’s liability exposures at any time. Also to be covered will be high risk insurance solutions for moves to conflict/post-conflict regions, as well as personal liability and well-being while abroad.

This webinar series launches the start of a multi-faceted partnership between Clements Worldwide and Devex, with the objective being to make global development professionals better protected when in the field.

“International development professionals face a unique set of risk exposures due to the very nature of the work they do,” says David Brumbach, Director of Personal Insurance at Clements Worldwide, who will also be leading the webinar. “We see it as our mission to ensure they are protected during every step of the way.”

The webinar will take place Tuesday, April 1, from 12:00 p.m. – 1:00 p.m. EDT (GMT 4-5).

The webinar is open to all interested in participating. Please register at the following link [www.clements.com/devex](http://www.clements.com/devex).

Participants are encouraged to submit any questions beforehand to [webinars@devex.com](mailto:webinars@devex.com).
