

Originala

Company Fact Sheet 2014

We love classic.

Who are we and what do we do?

- We are a team of ex-IBMers, specialising in the support and maintenance of legacy IBM systems and software.
- We are an emerging leader in the provision of independent enterprise infrastructure support services.
- We guarantee 50% annual cost savings – up to 90% when you include typical forced upgrade costs.
- We help you move to the software level you have paid for, when you want to.
- We have a turnover of around \$3m.
- We have around 50 staff in the UK and Ireland, with 20 IBM support engineers holding more than 100 IBM certifications.
- We have more than 40 IBM support contracts in Ireland.
- We work with Fortune 500, FTSE 100 and public sector organisations.

“Combination of price and experience. We have confidence in Origina’s technical skills.” – James Keane, Assistant Principal, Enterprise Systems, Revenue Commissioners.

We provide support and maintenance for legacy technology to the financial services, public sector, manufacturing and energy industries among others.

We pride ourselves on the quality of service we provide in maintaining legacy technology and ensuring our clients choose how they run it. Through this approach, we extend the lifecycle of assets - and all at a cost that is highly competitive.

Our team is highly skilled not only in technology, but in providing excellent levels of customer service and support.

The classics we support

If your organisation uses any of the above then you should be talking to us!
