

FOR IMMEDIATE RELEASE

COMPANY PROFILE

Langlade Springs provides high quality natural alkaline mineral spring water to customers through private label and branded programs. Centrally located in Northern Wisconsin, we manufacture and bottle right at the source to ensure ease of shipping across the U.S. and internationally.

PREMIUM PURE WATER

Our water offers a refreshing taste with one of the highest natural 7.8+ pH factors available, so it's naturally healthy. Ice Age glaciers created the aquifer that produces our water. Springs are monitored constantly to ensure initial water purity remains unchanged. Inside our plant, water is UV treated, micron filtered and bottled in a specially designed clean room to ensure the highest quality level.

PRIVATE LABEL SPECIALISTS

Complete cold-fill custom mixing, private label and co-packing capabilities allow us to package specialty water or beverages by the truckload. Customers can choose from multiple sizes of single serve 100% recyclable PET bottles as well as eco-friendly RPET and ENSO™ biodegradable options.

Langlade Springs New Member of International Bottled Water Association (IBWA)

April 1, 2014 — Polar, WI

Langlade Springs is pleased to announce it is now a member of The International Bottled Water Association (IBWA).

Founded in 1958, the IBWA is the authoritative source for all types of bottled waters. It's mission statement is to serve its members and the public, by championing bottled water as an important choice for healthy hydration and lifestyle, and promoting an environmentally responsible and sustainable industry.

In addition to the comprehensive FDA and state regulations that govern the bottled water industry, IBWA requires member bottlers to adhere to the IBWA Bottled Water Code of Practice, which mandates additional standards and practices that in some cases are more stringent than federal and state regulations, and requires annual plant inspections.

Langlade Springs provides high quality natural alkaline mineral spring water to customers through private label and branded programs across the U.S. and internationally. Centrally located in Northern Wisconsin, Langlade Springs manufactures and bottles specialty water and beverages right at the single source.
