

AboutTime

Mobile Field Data Collection Software

Collect & Track Field Operations Accurately, In Real-Time

- Many options for AboutTime enabled rugged electronic input devices
- GPS location data is captured as employees clock IN, OUT or change codes
- “Time Stamps” are maintained with all employee, cost code, and job information

Document and Capture Field Events

- Capture photos, voice notes, text notes, and other project management data
- Use FormsXPress to fill out and keep track of all required documentation
- Ask questions through mobile devices to protect business from false claims

Deliver Information from the Field to the Office Instantly

- Auto-Send delivers data from the field to your office as it happens in real-time
- Uses cellular provider or Wi-Fi connectivity to transmit data to and from office
- Maintains full functionality to collect all data without Internet connectivity

Manage Easily with Real-Time Reporting

- Know exactly what is being accomplished in real time
- Complete transparency and visibility across field operations
- Results shown in real-time dashboards and reports

Integrate Field Data with Accounting and Job Costing Systems

- No double-entry of data into both accounting and AboutTime
- Ability to integrate with over one hundred accounting systems
- Archive all work-related data for audit trails and compliance requirements
