SMART-TOUCH SKINCARE PLATFORM

THE ULTIMATE SKINCARE SOLUTION

geneO+ is a cutting edge smart-touch platform that provides a complete and unparalleled skin rejuvenation experience.

geneO+ is an expandable platform that grows with your clinic so you can always provide the most current aesthetic technologies.

geneO+ can function as a standalone offering or integrated as part of other aesthetic regimens for optimal results.

NEW BUSINESS OPPORTUNITIES

- Affordable entry price
- Attract new customers
- Generate repeat business
- Premium treatment pricing
- Quick ROI
- Safe, effective and non-invasive

"The **geneO+** is by far the best exfoliation treatment I have used. The combination of true **oxygenation**, **exfoliation** and the **infusion of hyaluronic acid** and other need specific ingredients delivers amazing results! My clients love the **geneO+** and return again and again. Once experienced ... they are hooked! Selling packages is no longer an issue and home care sales are up! The treatments increase the skin's ability to absorb product and even improves home care solutions!"

Katie Rietta - Owner - Skin Deep Phototherapy - Toronto, Canada

"**geneO+** delivers excellent exfoliation and also provides the benefits of natural skin oxygenation with nutrient infusion.

geneO+ is suitable both for young skin as well as for a more mature complexion with fine lines.

In just a short 20 minute treatment, **geneO+** tightens pores, brightens skin, refreshes and revitalizes. When combined with an additional aesthetic treatment, such as RF or photo-facial, the results are superb."

Dr. Ghislaine Beilin - Paris, France
