Accounting Technology Resources Selects **Trapp Online** as Preferred Hosting Provider

Custom Sage ERP and Acumatica application hosting now available to Southern California Businesses

Scottsdale, AZ. – April 25, 2014 – Scottsdale based Trapp Online, www.trapponline.com, a provider of industry-specific cloud hosting solutions, is proud to announce that Accounting Technology Resources (ATR) www.teamacctech.com, a Sage North America business partner, has signed Trapp Online as their Preferred Provider for Application Hosting Services.

The agreement brings together ATR's manufacturing, inventory management and accounting software solutions and Trapp Online's custom application hosting platform for Sage 100 ERP, Sage 500 ERP and related applications. ATR's customers in the Southwestern United States can now more readily enjoy the benefits of the cloud with application hosting through Trapp Online.

"Accounting Technology Resources has an outstanding track record in Southern California," said DJ Jones, Vice President of Marketing, Trapp Corp."We are excited to partner with them to offer hosting to their accounting and ERP clients."

Under the terms of the agreement, Trapp Online will provide hosting services at discounted rates and ATR will jointly market Trapp Online's hosting services to prospects and existing customers.

"Sage ERP and accounting solutions are well-suited to hosting," stated Karen Espinoza McGarrigle, President, ATR. "Getting on the cloud with Trapp Online's hosting will help both our clients and our employees work more efficiently."

By partnering with Trapp Online, ATR gains a cloud solution optimized for Sage application integration, generating new sales opportunities. Companies hosted by Trapp Online enjoy less IT maintenance, enhanced data security and secure remote access anywhere they have an internet connection—at the job site, at home, or the office. Reduced capital expense, budget predictability and improved productivity make hosting an attractive option for ATR's clients.
