

Young Researchers Forum

- Present your research through oral presentations
- Learn about career development and the latest research tools and technologies in your field
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research
- Develop a foundation for collaboration among young researchers
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe
- Interact and share ideas with both peers and mentors
- Opportunity for young researchers to learn about the research areas of their peers to increase their capacity as multidisciplinary researchers
- Actively distribute information and promote the benefits of education and career matters

Best Poster Award

- You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster
- Judges will even evaluate the student's enthusiasm towards their study, interest and knowledge in the area of their research
- The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement
- Apart from the judging time you may also be present at the poster to share your research with interested delegates

Student Fellowship

- Communicate with peers of the University and serve as an active voice of support for membership in OMICS Group Conferences
- Track the strength of relationship between students and dignitaries
- Coordinate with chairs of scientific sessions to connect students with corresponding Young Professional Groups
- Promote awareness of conference theme/tracks/benefits/scope to student members
- Set, execute and evaluate the goals of OMICS Group Conferences on an ongoing basis
- Promote the conference onsite at college, and throughout the social media networks

We believe..

*Coming together for a Beginning
Keeping together for Progress
Working together for Success*

Invitation

My Dear Fellows,

It is a great honour and pleasure to invite you to the **5th World Congress on Biotechnology** which will be held on **June 25-27, 2014 at Valencia, Spain** a joint meeting with the collaboration of European Biotechnology Thematic Network Association (EBTNA). The event will take place in the Valencia Conference Centre, one of the world's finest and best equipped conference venues.

The **Biotechnology-2014** Scientific Committee is planning a very informative scientific programme which will comprise five keynote lectures, ten parallel streams, panel discussions, poster sessions and additional scientific symposia. We expect to attract more than 300 delegates mainly within Europe, apart from a substantial number across the globe.

5th World Congress on Biotechnology will be organized on the theme "**Biotechnology: Meeting the Needs of a Changing World**".

A full social programme that includes an Opening Ceremony, Welcome Reception, Cultural Lectures and much more will make your time unforgettable in Spain.

We invite you to visit the **Biotechnology-2014** website regularly for the latest updates and news about the organization of the meeting.

With Best wishes,

Organizing Committee: Biotechnology-2014

Organizing Committee

Mukesh Verma
National Institutes of Health (NIH)
USA

Ara Kanekanian
Cardiff Metropolitan University
UK

Graciela Brelles-Marino
Universidad Nacional de La Plata
Argentina

Marina Vladimirovna
Frontasyeva
Joint Institute for Nuclear Research
Russia

Luca Rastrelli
University of Salerno
Italy

Tiina Leiviskä
University of Oulu
Finland

Beatriz Amorena-Zabala
The Public University of Navarra
Spain

Manuel Perez Alonso
University of Valencia
Spain

Zlatica Alexieva
Bulgarian Academy of Sciences
Bulgaria

Robert S. Marks
Ben-Gurion University of the Negev
Israel

Ruben Artero
University of Valencia
Spain

Munis Dunder
Erciyes University
Turkey

Major Scientific Sessions:

- Current Scenario of Biotechnology
- Biotechnology in Agriculture
- Biotechnology in Health Care
- Cancer and Genomics Research
- Petroleum and Environmental Biotechnology
- Immunology and Stem Cell Therapy
- Genetic Engineering and rDNA Technology
- Biochemistry, Cell and Molecular biology
- Microbiology and Marine Biotechnology
- Animal Biotechnology and Cell Culture
- Bioinformatics and Biosensor
- Food and Bioprocess Technology

Supported by International Journals

- Journal of Biotechnology & Biomaterials
- Journal of Bioremediation & Biodegradation
- Journal of Bioprocessing & Biotechniques

Preconference Workshop

Title: DNA Testing in Food Safety, May 27, 2014, Scientific Park of Valencia University, Valencia, Spain

Manuel Perez-Alonso, Instituto de Medicina Genomica, Spain

Featured Symposiums

Title: Enzyme-Based Biosensors: Development and Application
Aihua Liu, Chinese Academy of Sciences, China

Title: Biotechnology for waste water treatment
Marina Frontasyeva, Joint Institute for Nuclear Research, Russia

Title: GM crops to feed the world in the XXI century and the risks posed by the irrational opposition of radical ecologists
Ramon Serrano, Polytechnic University of Valencia, Spain

Title: Advanced Analytical chemistry in Food analysis
Luca Rastrelli, University of Salerno, Italy

Speaker Opportunity Available!!

We invite you to attend and give a talk on the topic of expertise to share views and research with your peers at this event.

Submit your abstract today at: biotechnology2014@omicsonline.net

Special Benefits:

- All accepted abstracts will be published in OMICS Group Journals
- Each abstract will be provided with Digital Object Identifier by 
- We provide group discounts (3 to 5) on registration fee

Exhibit at Biotechnology-2014

For our exhibitors we offer

- 3x3 Square Meters exhibition stall
- Logo recognition in website and all conference printing materials
- Scope for enhancing marketing opportunities and collaborations
- Advertising high quality information of company/products by linking through OMICS Group Journals
- Interaction with World Class Experts from both Academia/Industries to balance the flow of researches into technology development
- Global networking: In transferring and exchanging ideas

Sponsor levels

- Elite, Gold and Silver levels are available to sponsor or exhibit
