iPatientCare EHR and Practice Management Solutions Hosts Webinar on Meaningful Use Incentive Audit Risk and Capitation Payment

iPatientCare Announces Virtual User Conference (VUCON) to be Held On May 22, 2014 to Assist Practices On Reducing Risks Of an EHR Incentive Payment Audits In 2014 And Capitation Healthcare Payment System

iPatientCare, Inc., a pioneer in mHealth and cloud based ambulatory EHR, Integrated Practice Management and Patient Portal Solutions, hosts a webinar to help physicians and their practices to prepare for Meaningful Use Stage 2 requirements in 2014. This webinar will assist healthcare organizations that have questions about Meaningful Use Incentive Audits and how Capitation Payments can be used to control healthcare costs.

EHR meaningful use (MU) attestations for 2014 carry significant new challenges to successfully survive a potential incentive audit. During this free educational webinar; Vijayan Tayyil, Implementation Project Manager, iPatientCare Inc., will discuss the following points: The best practices to avoid EHR incentive audits, steps to be taken in case an audit happens, review of security risk assessment, need for proper and accurate documentation satisfying the MU measures and documents commonly requested during pre and post payment audits.

In addition to this attendees will get education on Capitation Payments. Nilesh Asrani, Implementation Specialist, iPatientCare will highlight what is Capitation payments, managing Capitation payments through iPatientCare, Posting Capitation Payment and Write off rule.

"It will not be too far in future when incentives on Meaningful Use of EHR technology would stop and penalties of reduction in reimbursements will come into effect," said Pranav Patel, General Manager, iPatientCare. "We thrive to become a company that enables seamless healthcare delivery by providing an innovative platform that blends technology, healthcare analytics and knowledge-based services for medical facilities and providers", he further commented.

About iPatientCare:

iPatientCare, Inc. is a privately held medical informatics company based at Woodbridge, New Jersey. The company is known for its pioneering contribution to mHealth and Cloud based unified product suite that include Electronic Health/Medical Record and integrated Practice Management/Billing System, Patient Portal/PHR, Health Information Exchange (HIE), and mobile point-of-care solutions that serve the ambulatory, acute/sub acute, emergency and home health market segments.

iPatientCare EHR 2014 (2.0) has received 2014 Edition Ambulatory Complete EHR certification by ICSA Labs, an Office of the National Coordinator-Authorized Certification Body (ONC-ACB), in accordance with the applicable eligible professional certification criteria adopted by the Secretary of Health and Human Services (HHS).

Full certification details can be found at **ONC Certified Health IT Product List.**

The ONC 2014 Edition criteria support both Stage 1 and 2 Meaningful Use measures required to qualify eligible providers and hospitals for funding under the American Recovery and Reinvestment Act (ARRA).

The company has won numerous awards for its EHR technology and is recognized as an innovator in the field, being a pioneer to offer an EHR technology on a handheld device, an innovative First Responder technology to the US Army for its Theatre Medical Information System, the first to offer a Cloud based EHR product. iPatientCare is recognized as one of the best EHR and Integrated PM System for small and medium sized physicians' offices; has been awarded most

number of industry Awards; and has been recognized as a preferred/MU partner by numerous Regional Extension Centers (REC), hospitals/health systems, and academies.
