

# OxyGeneo™

Exfoliate - Infuse - Oxygenate

"3-in-1" ADVANCED  
SKIN CARE

## About Pollogen

**We believe in constantly challenging ourselves to create the most advanced, effective medical aesthetic technologies and solutions. We believe in thinking differently.**

In everything we do, we take a customer-centric approach by making our products user-friendly, safe and convenient. At Pollogen there is no such word as "done"; we continually perfect our solutions to provide treatments that are pleasant and effective. We believe in finding ways to develop technologies that work with the body's natural mechanisms so beautiful results are generated from within.

Pollogen is the developer and manufacturer of five revolutionary technologies under the industry premier brand names OxyGeneo™, Hybrid Energy™, TriPollar®, TriLipo® and TriFractional™. We offer a full line of clinically-proven, safe and effective, non-invasive anti-aging facial and body contouring treatment platforms for a wide range of aesthetic applications. Pollogen provides solutions for professionals in over 60 countries, addressing the specific needs and dynamic changes unique to the ever-evolving aesthetic industry.

## OxyGeneo™

OxyGeneo is an advancement in skin care that delivers 3 essential treatments simultaneously:

- **Exfoliation** of the outer layer of the skin
- **Infusion** of unique revitalizing formulas
- **Oxygenation** generated from within

## OxyGeneo "3 IN 1" APPROACH

OxyGeneo takes its inspiration from natural hot springs - known for inducing skin oxygenation.

By simulating this effect, OxyGeneo triggers a body response that sends oxygen to the treated area. At the same time OxyGeneo exfoliates the skin and creates an optimal environment for infusion of essential nutrients both during and after treatment.

OxyGeneo is suitable for all skin types and facial areas and uses single-use, disposable consumables that ensure maximum hygiene every time.

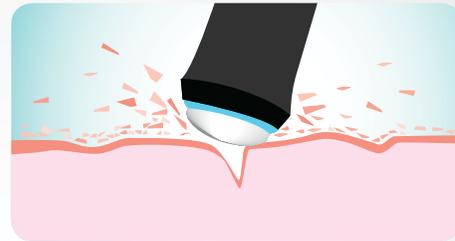

OxyGeneo treatments can be administered in convenient 'walk in - walk out' treatments and is ideal both as a stand-alone procedure and as part of other aesthetic regimens

## BENEFITS:

- Natural skin oxygenation - beneficial in anti-aging and corrective skin procedures
- Significantly shortened treatment time
- Convenient 'walk in - walk out' treatments
- Suitable on all skin types, colors and facial areas
- Nutrient-rich formulas last on the skin to allow for optimal penetration
- Single-use consumables assure maximum hygiene

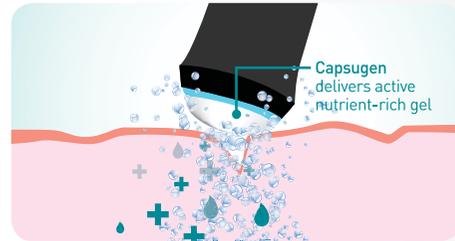

## HOW IT WORKS

### EXFOLIATE

OxyGeneo exfoliates the upper skin layer to remove dead cells and prepare the skin to receive active nutrients.

### INFUSE

Through our exclusive Capsugen, OxyGeneo cleanses the skin while infusing nutrient-rich formulas.

### OXYGENATE

OxyGeneo produces countless minute CO<sub>2</sub> bubbles which gently burst on the skin surface. The OxyGeneo applicator is designed to degas the CO<sub>2</sub> bubbles from the gel and infuse them into the epidermis. The applicator's frequency and amplitudes are specifically designed to:

- Produce a kinetic force that optimizes the chemical reaction generating CO<sub>2</sub> bubbles.
- Enable optimal penetration of CO<sub>2</sub> bubbles into the epidermis.

**This results in optimal absorption of Pollogen's formulas.**

## OxyGeneo NUTRIENT-RICH FORMULAS

OxyGeneo currently offers two specialized formulas each intended for specific aesthetic conditions.

### NeoRevive®

Provides optimal skin rejuvenation and anti-aging.

- Smoothens the appearance of fine lines & wrinkles
- Revitalizes dull complexion
- Natural facial skin oxygenation
- Uniform & non-irritating exfoliation
- Hydrates and nourishes
- Simple, safe and pleasant
- Long-term advantages

**Active ingredients: Palmitoyl Tripeptide-5 (and) Glycerine, Hyaluronic Acid, Retinol**

### NeoRevive® results

**Enhancement of skin's pebbled appearance (elastosis).**

**Improvement in peri-orbital fine lines**

## UNIQUE "3 IN 1" EFFECT SUPERIOR SKIN CARE

### NeoBright®

Provides optimal skin lightening, nourishment and rejuvenation.

- Powerful but gentle skin lightening
- Reduces skin pigmentation & sun damage
- Natural facial skin oxygenation
- Uniform & non-irritating exfoliation
- Hydrates and nourishes
- Simple, safe and pleasant
- Long-term advantages

**Active ingredients: Magnesium Ascorbyl Phosphate, Kojic Acid, Retinol**

### NeoBright® results

**Improvement in skin's texture and brightening of its color**

**Improvement of skin texture**

**"OxyGeneo delivers excellent facial skin exfoliation but also provides the unique benefits of natural skin oxygenation and nutrient infusion"**
