

XMEDIUSFAX SOLUTIONS SUCCESSFULLY INTEGRATED WITH RICOH MFPS VIA THE NEW XMEDIUSFAX- RICOH ESA CONNECTOR COMPATIBLE WITH SDKJ 11.0

**THE NEW XMEDIUSFAX- RICOH ESA CONNECTOR ENABLES USERS TO FAX
DOCUMENTS DIRECTLY FROM THEIR RICOH MULTIFUNCTION PRODUCTS.**

MONTREAL, Canada (May 20th, 2014) - Sagemcom, a global leader in advanced fax server solutions for IP networks since 2002, is proud to announce the successful integration of the XMediusFAX solutions with a new connector for Ricoh Multifunction Products (MFPs) that are compatible with Ricoh Embedded Software Architecture (ESA) and certified by Ricoh.

The XMediusFAX Ricoh ESA Connector 11.0 enables compatible Ricoh MFP users to send fax by using XMediusFAX On-Premise or XMediusFAX Cloud solutions. Users will benefit from fax server features such as: managing multiple fax recipients, creating fax cover sheets and accessing personal phone books. The user interface is also now available in 7 languages: English, French, German, Spanish, Italian, Portuguese and Russian.

The new connector features an editable fax option that allows users to modify sending re-tries notification settings and priority for faxes being sent. In addition, Ricoh's users can customize the display on their MFP to either a normal or a simplified interface when composing a fax. The normal interface shows all the fax options, while the simplified interface displays only the fax number field to enable quick and easy faxing.

"We are delighted to announce the release of our new XMediusFAX Ricoh Connector ESA developed for Ricoh Multifunction Products. The combination of our XMediusFAX software with Ricoh multifunction devices create an enriched faxing solution for today's businesses, helping professionals from a wide range of industries", stated Jean Champagne, General Manager of Sagemcom Canada.

The XMediusFAX Ricoh ESA Connector allows users to improve the efficiency of their document transmissions, while extending the faxing capabilities on the same device used for printing, scanning and copying. Sagemcom's solution when implemented with Ricoh MFPs

enables fax delivery directly to authenticated recipient inboxes allowing organizations to be regulatory compliant by securely sending sensitive information.

About Sagemcom

French high-technology group with an international dimension, Sagemcom operates on markets of broadband (digital home, digital set-top box, broadband and residential terminals), telecom and energy (telecommunications infrastructure, smartgrid and metering), and management of documents (printing terminals, software and solutions, digital production workflow). With a turnover of about 1.3 billion Euros, Sagemcom employs 4 600 people on five continents; already a European leader in most of its key markets, Sagemcom aims to become a world leader in high added value communicating terminals. Sagemcom is strongly committed to sustainable development through the life cycle of its products: eco-design, energy consumption, ethical code of all its suppliers.
