Points of interest: Logan Birchfield has been nailing extra points all season for Elizabethton. The junior made all five of his attempts in Friday's 38-0 win over Johnson County, pushing his season total to 46 for 46.

Birchfield made his final attempt in 2012, so his streak stands at 47 in a row. That's good enough for ninth place on the state's all-time list for consecutive extra points made. Birchfield is just 12 kicks away from third place, but the state's record is 106 — set in 2008 by Nashville Hillsboro's Jacob Noe. —
